**[KUDO Certified](#) and [KUDO Pro conference](#) interpreter (click on names to view badges)**

**KUDO profile:** <https://interpreter.kudoway.com/900117545002>

**KUDO marketplace profile:** <https://interpreter.kudoway.com/900215415953>

### **Key skills:**

- Professional simultaneous interpretation RU <> ENG (since 2008).

**Fields:** Sports, Business & Economics, General, Blockchain (Crypto, NFT etc). Other topics can be considered with sufficient preparation materials available in advance.

**My strengths as an interpreter:** I'm equally comfortable to interpret into Russian and English as I have near native fluency in modern English (I received BBA and MBA from the institution with English as medium of instruction). I speak neutral English (close to US English). Having spent considerable time in a very diverse South East Asian region I can easily understand different accents and dialects of English. I'm a preferred Russian conference interpreter for Asian Football Confederation & FIFA (Kuala Lumpur, Malaysia) since 2009 & other clients & agencies who require conference interpretation on a long term basis.

I'm geared to perform conference interpretation remotely and my setup meets high KUDO standards (see my workstation below).

**Accreditation:** *The Eastern Economic University of Humanitarian Sciences, faculty of Journalism and Foreign Languages, Ufa city, Russia, Specialty: English (teacher and translator). September 2002- November 2005*

*IIUM, Faculty of Economics and Management, Bachelor of Business Administration majoring in international marketing. Kuala Lumpur, Malaysia. October 2006 – April 2011*

*Graduate School of Management, MBA, Strategic Management. Kuala Lumpur, Malaysia. January 2012 – September 2013*
